

Ordering take-out or food for delivery is a great way to spend less time grocery shopping and take a vacation from your own home cooking. It is also a nice way to support your favorite caterer. Of course, it's natural to be concerned about the safety of ordering in, especially during these times of the Covid19 virus.

**According to the FDA, Covid-19 can't be transmitted through food. Moreover, there is no evidence of contracting the virus from food packaging. However research has found that the virus can last up to 24 hours on cardboard and 2-3 days on plastic and stainless steel. It is a good idea to place the food in your own dishes and pots. And, remember to wash your hands after handling the packaging.**

**We are following all CDC guideline in our catering studio, including:**

- Having a minimal staff
- Washing our hands frequently
- Wearing protective gear while handling food (aprons, gloves and hairnets)
- Keeping all surfaces that come in contact with food clean and disinfected
- Using a high heat professional dishwasher to clean pots, pans and utensils
- Our carry-out process is designed to minimize person-to-person contact.

**To Order:**

- Take a look at our many menus which can be found on our website or can be emailed to you.
- Make your selections.
- Call 585-957-1133 and place your order at least one day in advance.
- We are also taking custom orders so feel free to tell us exactly what you want.
- We are also doing large orders for families and group meetings.
- We can also deliver your order.
- Have your credit card ready to pay for your phone order and don't forget to include a tip, if you want.

Thank you for supporting our local business. Stay safe and know that we will get through this.
